Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book *free* that is worthy of your attention if needing a good, safe, reliable remedy *of known composition* for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland Block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and $1.00.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nervous sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

THE IRISH.

"In the Mornin'."

Thro' Erin's Isle,
To sport awhile,
As Love and Valor wandered,
With Wit, the sprite,
Whose quiver bright
A thousand arrows squandered.
Where'er they pass,
A triple grass
Shoot up with dew-drops streaming.
As shortly green
As emeralds seen
Thro' purest crystal gleaming.
—Tom Moore.

Among the ancients, Hope was sometimes represented as a beautiful child, standing on tip-toes, holding in her hand a trefoil, or three-colored grass. And when the good St. Patrick preached the doctrine of the Trinity to the Irish, he used to hold up a shamrock leaf to illustrate it.

So he added Hope to Love, Valor and Wit, and the Irish have been foremost among the people of the earth in exemplifying these cardinal points in the compass of life.

God bless 'em. I've a strain of the stuff myself, and I'm proud of it.

For the Irish, bent with centuries of oppression and misrule, have done more to optimize men than any other race. They have loosed more sunshine than any other. They have made men smile oftener than any other. And all this they have done in spite of the hard knocks they've had.

It's a wonderful record upon which they may meditate this fine Patrick's morning—for all such mornings are fine to those who love the ould sod. It's a record of shining through clouds and, after all, that's the only record we have any right to be proud of.

To shine when the skies are clear and the earth benign and calm is well enough but where is the credit for such an attitude? To smile when things look dark and gloomy and when the next meal is a matter of large uncertainty—that's the stuff makes men and women worth while.

That's the Irish.

The world would be a dull place without them. Wherever they go they carry with them some of the virtues attributed by the poet to the green trefoil. When they love, what love it is! When they fight, what valor they show! And in all their loving and all their fighting they have place for their inimitable wit.

When they sing, the whole world wants a chance at the chorus. And the songs they would sing, but cannot for tears—these songs have been sung for them by Tom Moore, and if Ireland had never given men anything else, the gift of such a balladist, such a true poet, would throw mankind in jail for debt, if the debtor's law still held.

They have that divine quality of seeing the humor in things. It helps along so nobly. It is the great safety valve of humanity. The man who cannot see the humorous side in life is not only miserable himself but he makes others miserable, and almost without exception, the men and women worth most to their fellows have been those best equipped with this saving sense.

The world needs human shamrocks and the emerald sheen that comes from them is far better than the indigo shadows of Blue Mondays. Away with the Blue days of regret and remorse and longings after things that are past having and all that, and in with the good green days of deep love and high valor and nimble wit!

In, too, with the spirit that has kept this struggling people above the waves of hardships and contempt. Did we strive more for this and let the dollars annoy us less, we would be richer in the things that really count—richer in love and valor, and even wit would have a better chance to grow and flourish.—[Leigh Mitchell Hodges, in Philadelphia North American.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. ARREST OF JEWELRY THIEVES.

Arthur Preston Green and Charles Dumont Rohrer arrived in New York from Europe yesterday on the liner Amerika. They went abroad just two months ago on a cattle ship. Treasury Department agents removed from the persons of Green and Rohrer jewelry estimated at from $20,000 to $30,000 in value.

This jewelry is part of the proceeds of an enormous haul made by a band of American criminals in London last month. The stuff was stolen from the London house of Tiffany & Co., and from another large jewelry house on Bond street. Green and Rohrer are locked up at police headquarters.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by W. F. Creighton & Co., 401 King street.

Green is an alumnus of Blackwell's Island, while Rohrer is a graduate of Waupun, Wis.

Green and Rohrer went aboard the Amerika at Southampton. They made themselves quite popular on the ship during the trip over, and so friendly did two women become with them that the women were placed in the unpleasant position of being suspected as accomplices, were searched, and later taken to police headquarters in New York, and subsequently released, as it was proven conclusively that they only met the pair on the ship.

Green and Rohrer flew high on the ship. They squandered their money so recklessly that all they had left upon arrival at Hoboken was $15, of which Green had $10.

When the liner reached quarantine early yesterday morning a revenue cutter ran alongside of her.

Revenue officers knew Green and Rohrer were on board, and went to their staterooms. The crooks were in bed. They were rudely awakened and coming up the bay the pair were asked to declare their property. Neither had anything of consequence, so they said. As the ship was being docked at Hoboken Green and Rohrer were told that they had to submit to being searched. They didn't like this and protested. But the agents began to go through their pockets nevertheless.

Agent Brazinski had hardly thrust a hand into Green's pockets when the latter said:

"One minute, please. I guess there is no use to stall. Here's the stuff."

With that he began to dig jewelry from the lining of his coat in large quantities. Rohrer did likewise.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Provided, however, that the acceptance of the franchise granted by this ordinance, or the expiration, surrender or forfeiture of the same for any cause whatever shall not be taken or construed to waive, surrender, vacate or forfeit, or to in any wise limit, curtail or restrict the right or franchise of the said railway company under the ordinances heretofore passed by the City Council of Alexandria to occupy and use for its purposes Cameron street east of the west line of Payne street, and to construct, restore, replace and maintain all necessary ways, switches, curves or other constructions necessary to connect its tracks, works, wires or other construction located on Cameron street east of the west side of Payne street with its tracks, works or other construction located on Payne street south of the north line of Cameron street and to run and operate on and over the same its cars.

MORE trouble with colored troops is predicted as a result of an order issued Saturday by Secretary Taft detailing 76 men of the Ninth Cavalry, colored, for duty at the West Point Military Academy. These colored troops will relieve the detachment of white cavalry which has been stationed at West Point in the past, and for the first time in the history of the military academy the young cadets will have their horses and accoutrements cared for by colored troops and will take turns commanding those troops. According to the statement made by the War Department the reason colored troops have been sent to the military academy to replace the white cavalrymen there is that the latter objected to taking care of the horses used by the cadets as well as their own mounts. The War Department believes the colored cavalrymen will not object to this extra service, but it will soon find out to the contrary. The rest of the Ninth Cavalry has been ordered to duty in the Philippine islands, as has the Tenth Cavalry, also colored, and the Twenty-fourth and Twenty-fifth Infantry, the other two colored regiments.

IN DISCUSSING editorially the outlook for the world's peace and the reduction of military armaments in Europe, the New York Sun takes an optimistic view of the situation, believing that the understanding which now exists between the various governments of the Old World is such as to allay apprehension and to promise well for the discussion of the disarmament question in the coming Hague conference. But it is already known that the American delegates to the conference will oppose disarmament because the steel trust which supplies armor to the battle ships will be put out of business.

REDUCTIONS of approximately 50 per cent. in the premiums of preferred fire insurance risks were announced Saturday by the board of fire underwriters of the District of Columbia. It is time a decided reduction was made in the rates in this city, which were put up when the "Southeastern Tariff Association" made a lodgment here. Annual reports show that thousand of dollars are sent out of this city to pay fire insurance policies, while the losses are insignificant. The rates in Alexandria should be as low as any where in the world.

SUPERINTENDENT MAXWELL, of the New York city public school system, appealed to the Board of Education Wednesday to supply simple food at cost price to the pupils who were found to be improperly nourished. At the same time he asked the board to supply eyeglasses free of cost to children of needy parents who may be suffering from imperfect vision. This is but an illustration of the trend toward paternalism which in taking hold not only in many of the separate States but in the country as a nation.

MR. W. R. HEARST in an address to leaders of the New York State Independence League recently again accepted the State leadership, but with the assurance that hereafter the league need not ally itself with either of the old parties, but could act alone. His term as a democratic representative from New York had expired, and he was freed from all ties to the democratic party. The democratic party should rejoice in getting rid of Mr. Hearst.

BY AN almost unanimous vote the State Senate of Utah has passed a bill making the playing of bridge whist for a prize a felony, punishable by imprisonment in the penitentiary from two to five years. Should such a law be in vogue in this city, the authorities would have to increase the capacity of the jail.

COL. JAMES C. HOOE, of Loudoun, has formally announced his candidacy for Congress in this district. Loudoun, it seems, can never unite on one of her citizens for Congress.

THE PORTO RICAN House of Delegates has adopted resolutions demanding self-government. Soon the cry will go up for Porto Rica libre.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 18.

The port of Truxillo, the largest place on the north coast of Honduras, was being bombarded on Saturday by the Nicaraguan navy according to a dispatch received by the State Department from Philip Brown, secretary of the U. S. Legation who is now at Tegucigalpa. This is the first time that naval forces have been engaged in the war in Central America. No details were given as to the result or the progress of the fighting. The American ship the Marietta is believed to be in the neighborhood and the Paducah, according to a dispatch received by the Navy Department this morning, is at Corinto, not far away from the scene of the hostilities. The collier Nero sailed today from Guantanamo for Truxillo for the purpose of supplying these two vessels with coal. The Nicaraguan navy is not very formidable. It consists of a gunboat of 1,200 tons named the Scorp on in English, and perhaps one or two tugs armed for the occasion. So far as known here the defenses of Truxillo are insignificant so it is quite possible that the guns of the Nicaraguan ship may have done considerable damage to the town and harbor.

President Roosevelt today approved the sentence of dismissal in the case of First Lieut. Noah Overly, of the Philippine Scouts, who was convinced by court martial of charges of reprehensible conduct.

Officials of the War Department alone constitute competent authority, as far as the pay goes, to assign an officer to a higher command of troops operating against an enemy than to which his rank pertains. Such was the effect of the opinion of the U. S. Supreme Court today in the case of Lieut. D. C. Mitchell. He wanted the pay of a captain on the ground that his "superior officer" ordered him to exercise the higher command.

B. F. Yoakum, chairman of the board of directors of the Rock Island Railway was in Conference with the President today. This is his second call within a week. Upon leaving he said he had nothing to make public. "The people will know that I believe in the closest possible working connection between the government and the railways," he remarked. "Let it go at that."

Mysterious Death.

New York, March 18.—Annie Kemwith and three daughters were placed under a police guard in their handsome home in the Bronx today as the result of the mysterious killing of Henry Kemwith, father of the family, who was shot while asleep Saturday night. When an undertaker was called he refused to touch the body on account of the mysterious circumstances. Mrs. Kemwith told him that her husband had been killed by falling from a couch, and stoutly denied the existence of a bullet wound clearly visible in the dead man's temple. She scouted the idea of suicide and her daughters, corroborated their mother's story. Coroner Schwanneke and the Bronx detectives made a close investigation. They learned that Kemwith was very wealthy, having retired from a large butcher business. There was absolutely no sign of blood about the man and the pistol could not be found. The undertaker says though he was hurriedly called, the man had been dead at least two hours before he arrived.

Reported Massacre of Jews.

New York, March 18.—An appeal for help for the Jewish citizens of Podisilo, Roumania, stating that a massacre has been in progress there since Thursday, sent to the Jewish Morning Journal, of this city, has aroused the greatest excitement among Hebrews here. The message was sent by Marcus Getzel, Elias Solomon and Sbje Sternberg, three leading merchants of Podisilo, and reads:

"Terrible massacre since last Thursday. Town totally destroyed. All the Jewish population ruined and houses pillaged. We ask for help."

Already arrangements have been made to succor the suffering Jews. A mass meeting will be held tonight at the Manhattan Lyceum. All the Roumanian societies will be represented. A large relief sum will be raised. Podisilo is only 30 miles from Kishineff, the scene of the terrible Jewish massacre several years ago.

The Pope Praises President Roosevelt.

Rome, March 18.—Theodore Roosevelt is today the world's "sagest, most energetic, liberal and patriotic statesman," in the opinion of Pope Pius X., as expressed today in an interview with Bishop O'Gorman, of Sioux City. After eulogizing American Catholics, and extolling Ireland's virtues and the bravery and nobility of her sons, the Pope launched into his praise of President Roosevelt as quoted above. During the interview the Pope gave the impression to Bishop O'Gorman that he proposes to consider the appointment of an American Cardinal at the next consistory.

Sensational Developments Expected.

New York, March 18.—Sensational developments tending to show that Helicon Hall, the Home of Upton Sinclair's socialistic colony, destroyed by fire last Saturday, was set on fire by some enemy of the author of "The Jungle," are expected this afternoon, following a special meeting of the directors' of the colony, to be held in Englewood, N. J.

Belfast, Ireland, March 18.—Richard Croker is ill on his farm near here for a weeks from a chill on the kidneys. He has not been out for a week. The physicians think he will soon be well.

New York Stock Market.

New York, March 18.—The severe decline 1 to 3 points sustained by most of the leading stocks at the opening were variously due to raiding some foreign sellings and secondary liquidation by commission house of accounts that had been carried through the worst of the break. There were rumors of possibly unfavorable developments today, but they lacked confirmation. In the second half hour the market rallied 1 to 2½ points, due to support extended by larger banking institutions and covering of shorts. Sentiment was bullish.

The King of Italy and the Pope will both receive Mrs. Douglas Robinson, of New York, sister of President Roosevelt, during her visit to Rome next week.

It now appears that the theft of a mule was the primary cause of the dispute that has resulted in war between Honduras and Nicaragua.

The President has issued a proclamation restoring to the public domain the Portales National Forest, having an area of 172,680 acres. Today Grover Cleveland, twenty-second president of the United States, the only living ex-President, reached threescore years and ten. He is in good health and is spending his birthday in South Carolina, shooting ducks or fishing. Efforts were made to get up a celebration in honor of the day, but Mr. Cleveland would have none of it.

As a result of the conference between President Roosevelt and Governor Deneen, of Illinois, Saturday, it is said that a complete understanding between the federal administration and the State machine of Illinois will be established, which means a strong fight should any effort be made to nominate for President a man opposed to the policies of the President.

At the evening services under the auspices of the Naval Academy Young Men's Christain Association at Annapolis last night the academy was presented, in behalf of King Edward of England, a momento of Lord Nelson's famous flagship, the Victory. The New York Herald says that according to a member of John D. Rockefeller's, jr., Bible class, and who is also a personal friend of John D. Rockefeller and in a position to know his affairs, the latter proposes soon to make a princely gift to the city of New York. It will amount to at least $50,000,000. It will be partly charitable and partly educational.

In two days there has been a recovery of $382,430,000 in the market value of 92 stocks. Following the panic break Thursday afternoon, when prices reached their lowest, until the close of the market on the half day's business Saturday, there has been a marked and substantial recovery in prices, ranging from 3 to nearly 20 points in the leading railway and industrial shares.

Falling from a third-story window, near which he was playing, to the ground, a distance of forty feet, Clyde Harris, the twenty-one-months-old son of Capt. A. D. Harris, a retired army officer, of Washington, was picked up yesterday afternoon but slightly injured. That the baby was not instantly killed is probably due to the interviewing awning, which tended to break the fall.

A reception was tendered James A Strother and George French Strother Friday night at Welch, W. Va., by the McDowell Gun Club, in celebration of the acquittal of the Strother brothers at the recent trial at Culpeper, Va., for the murder of Bywaters. It was a stag affair, and the banquet and toasts lasted far into the night. Philip Strother, of Culpeper, was unable to attend on account of illness.

Yesterday while the Vatican's reception rooms were crowded with persons awaiting the Pope's passage, an elderly Italian woman, who was accompanied by her daughters, had an apoplectic stroke and fell dead in Clementine Hall. The Pope recited prayers for the dead and then continued the audiences. Bishop O'Gormian, of Sioux Falls, was given an audience by the Pope, who sent his regards to President Roosevelt.

Following the publication in New York on Saturday of Miss Emma Dunn's split with Richard Mansfield, when she walked out of the theater Thursday night leaving her understudy to finish the performance of "Peer Gynt," the former leading lady on Saturday explained her reasons for the break with Mansfield. Briefly stated, Miss Dunn thinks Mansfield suffers from collisions between brainstorms and exaggerated ego. Behind all the trouble, she says is the old egotism attributed to Mansfield which makes him jealous of any member of his company that does well enough to attract notice.

Roscoe E. Miller, an ex-convict, who but a short while ago was released from the state prison for killing a fellow-laborer in the West Milwaukee Railroad yards, Milwaukee, after having served a sentence of 16 years, yesterday at Beaver Dam, Wis., killed his wife and stepmother and then emptied two shots into his own right temple. The tragedy was brought about by the appearance of the wife of Miller at his home. A daughter of Mrs. Miller by a former marriage has been keeping house for him. While Mrs. Miller was attempting to persuade her daughter to desert Miller and come to live with her in Milwaukee the two were interrupted by the entrance of Miller.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Today's Telegraphic News.

The Thaw Trial.

New York, March 18.—Court opened today with the prospect that before night the issue of veracity between Evelyn and Hummel would be squarely established. This would leave the jury to decide which is worthy of credence. Thaw's attorneys professed to have no fear that the verdict on this point would be in favor of Evelyn rather than the disbarred attorney.

It was the expectation before the hearing was resumed that no further fight would be made to keep out the Hummel affidavit.

Jerome was expected to rest his case after it was in evidence, and the defense planned to put Evelyn on the stand in sur-rebuttal to deny Hummel's testimony absolutely on all points where it disagreed with her original story of her visit to Hummel's office and making the affidavit,

Thaw today gave to the newspapers a letter received from Lew Gilliland, of Van Wert, Ohio, who attended the school at Wooster, Ohio, while Thaw was there. Gilliland denied absolutely all the stories of wild escapades attributed to Thaw while in school.

After a spirited contest between Jerome and Delmas as to the admission of the Hummel affidavit, Judge Fitzgerald ruled admitting the carbon copy of the affidavit in evidence, Delmas withdrawing his objection.

Jerome rested his case in rebuttal, at 12:20 p. m.

The affidavit presented recites the experiences of Evelyn, her mother and Thaw while in Europe, mentioning the different hotels in which they stopped. After telling of their movements in London, the affidavit continues:

"We then traveled through Bavaria, going to the Austrian Tyrol. During all this time Thaw and myself were known as husband and wife, and were represented by Thaw and known under the name of Mr. and Mrs Delils. After travelling for about five or six weeks, Thaw rented a castle in the Austrian Tyrol known as the Schloss Katzenstein, which is situated about half way up a very isolated mountain.

"We occupied one entire end of the castle. Two bedrooms, the parlor and a drawing room were used by us. The balance of the castle had been rented by Thaw, but not occupied by us. I was assigned to a bed room for my personal use. The first night we reached the Schloss Katzenstein I was very tired and went to bed right after dinner. In the morning, I was awakened by Mr. Thaw knocking on the door asking me to come to breakfast, saying that the coffee was getting cold. I immediately jumped out of bed and hastily put on a bath robe and slippers. I walked out of my room and sat down to breakfast with Mr. Thaw. After breakfast, he said he wished to tell me something, and asked me to step into my bedroom. I entered the bedroom when Thaw, without any provocation, grasped me by the throat and tore the bath robe from my body, leaving me entirely nude except my slippers. I saw by his face that he was in a dreadfully excited condition. His eyes were glaring and in his hands he grasped a raw hide whip. He seized hold of me and threw me on the bed and when I attempted to scream Thaw placed his fingers in my mouth and tried to choke me. He then without the slightest provocation inflicted upon me several severe blows with the whip so that my skin was cut and bruised. I begged him to desist, but he refused. I shouted and cried. He stopped then for a minute to rest and then renewed his attack upon me, beating me with the rawhide whip. I screamed for help, but no one heard me; the servants did not hear me for the reason that they were in the other end of the castle. Thereupon the said Thaw renewed his brutal attacks until I was unable to move. The following morning the said Thaw came into my bedroom and administered another castigation similar to the day before. He took the rawhide whip and belabored me on my bare skin. I swooned and I did not know how long I remained in that condition until I regained consciousness. He left me in a frightful condition. My fingers were numb and it was nearly three weeks before I was sufficiently recovered to get out of my bed and walk.

"When I had sufficiently recovered the said Thaw took me to a place where Italy and Austria join, and then we went to Switzerland and stopped at a place called The Switzer House, at Santea Maria. The next morning I made some remark and said Thaw took me to my room and while in the room took a rattan and beat me over my hips until I screamed; when I began to scream said Thaw again stuck his fingers into my mouth. During all that time the said Thaw never attempted to make the slightest excuse for his conduct or state what the provocation was. When in Paris, he assaulted me with a rattan for half a day, at intervals of half an hour, or so, striking me severely. One day my maid was in my room taking the things out of the drawers and I found a little silver box, oblong in shape, about two and a half inches in length containing a hypodermic syringe and some other small utensils. I asked Thaw what that was for, and he stated to me that he had been ill and had to make some excuse. He said he had been compelled to take cocaine. The first time that I found he was addicted to the taking of cocaine was when I saw the said Thaw administer the cocaine to himself by taking pills. On one occasion he attempted to compel me to take one of these pills, but I refused to do so. While in Paris I suffered from sickness by reason of the terrific beatings he had administered to me and that he had given me, and was confined to my bed in my room about two weeks. During this period while in this condition of non-resistance said Thaw * * * I was powerless. * * * I reproved Thaw but he compelled me to submit and threatened to kill me if I did not do so"

The affidavit further states that Thaw was addicted to cocaine; that he took Evelyn's jewelry and $400 to her mother, continuing in the meantime the alleged brutal treatment.

The affidavit continues:

"I had received a number of cablegrams from said Thaw, which I have delivered to my counsel, Mr. H. Hummel. I have been repeatedly told by the said Thaw that he is very intimical to a married man whom he said he wanted me to injure and Thaw would get him into the penitentiary; that the said Thaw had begged me time and time again to swear to documents he had prepared involving this married man and charging him with drugging me and having betrayed me when I was fifteen years old. This was not so; and I so told him. But because I refused to sign these papers said Thaw not alone threatened me with bodily injury, but inflicted upon me the great bodily injury I have herein described."

Policeman Anthony was subsequently called as the first witness by Delmas, and later an adjournment was taken until 2 o'clock.

Stranded Steamers.

London, March 18.—The condition of the White Star Liner Suevic, which went ashore on the rocks near the Lizard last night, was critical today. Three life boats are now busy taking off the passengers and crew numbering 560 souls, and it is believed all will be rescued. The salvage of the steamer depends entirely on the weather. Just at present, the chances seem against the vessel, as the weather is bad. Efforts will be made today to pull the steamer off the rocks. A heavy fog prevailed last night when the steamer grounded. The Suevic was just completing a voyage from Sydney to London.

Later in the day the weather began to clear and the waves to moderate. The Suevic was leaking badly, however. The greatest number of the passengers were taken off during the morning.

All the passengers of the Suevic have been landed in safety but a heavy sea is still running and the position of the ship is regarded as extremely dangerous. Though the atmosphere has cleared, the gale is still blowing fiercely.

Plymouth, Eng., March 18.—The steamer Jedda, bound from Sierra Leone, on the west coast of Africa, to this port, has gone ashore near Prawle Point, the most southern promontory of Devonshire. The seventy passengers aboard were saved by the rocket apparatus and were hauled up the perpendicular cliffs to safety. The vessel has gone to pieces.

London, March 18.—A large steamer, believed to be a German liner, is ashore, near Beachy Head, a promontory of Sussex, extending into the English Channel. The letter "W." appears on the funnel. Tugs have gone to her assistance. This makes the third steamer reported ashore in the channel,

The steamer in distress near Beachy Head, proved to be the Novissisk, bound for Hamburg, She is in a bad position and seems apt to go to pieces.

Floods Subsiding.

Pittsburg, Pa., March 18.—The Ohio river has receded to an ideal coal boat stage, and river men are preparing to resume business which was interrupted by the high water.

While Pittsburg and vicinity are cleaning up after the flood, lower Ohio points are still suffering although at lower points the water has not quite reached the stage of 1884. River men claim that this fact bears out their contention that the filling in of the banks by railroads and manufacturers alone caused the river to go above all previous records.

Cincinnati, O., March 18. The stage of the Ohio river at Cincinnati at 7 o'clock this morning was 61.7, having risen four-tenths of a foot since one o'clock. The river is expected to rise two feet more; then it will begin to recede. A number of manufacturing plants were unable to open today and the entire wholesale commission district in the bottom is under water. The people in the lower part of Newport, Ky., have been the greatest sufferers.

Wheeling, W. Va., March 18.—The waters of the flood that has held Wheeling in its grasp for the past three days, have receded, leaving Wheeling covered with mud and deep in debris. There is a great deal of suffering among the flood victims, and thousands of persons have been supplied with food and bedding. Railroads and street cars have resumed operations.

Demands Kelsey's Removal.

Albany, N. Y., March 18.—New York's non-partisan Governor, Charles E. Hughes, is facing a crisis in his political career this week that will either make or break him. The fight comes through the demand of Governer Hughes that the State Senate remove from office Otto Kelsey, State Superintendent of Insurance, whom Hughes has branded as "grossly incompetent." Kelsey is backed by machine politicians. He refused to resign, and is attempting to hold his job by rallying to his aid all the machine men. He has engaged the best legal talent in the State, and the fight will come up before the Senate committee next Wednesday afternoon. The fight between the two men began in January when Kelsey, calling to pay his respects to Governor Hughes, told him he was willing to do anything to increase the efficiency of the department. "Well, then, resign," the Governor is reported to have said. But resignations are not in Kelsey's line, and he has stuck, and will do so until the Senate has passed a resolution removing him from office, which is likely to be within the next three weeks.

France and Morocco.

Tangier, March 18.—Native antipathy to French aspiration to the control of Morocco has reached a critical stage and what may prove a serious muddle resulted yesterday evening when the Sultan's troops, several of whom were out on a jamboree, took possession of the city gate and held up all the Frenchmen passing, including an attache of the legislation, and forced them to doff their hats to the Moorish flag. The matter was referred to the French Minister and prompt representations were wired to the French Government. It is likely that profuse apologies will be insisted on.

Preparing for Celebration.

Potomac Lodge, No. 38, Independent Order of Odd Fellows, is making the necessary preparations for the celebration of its sixty-eighth anniversary, which will be celebrated with appropriate exercises at Odd Fellows' Hall next Friday night.

The principal speaker on the occasion will be Sovereign Grand Secretary John B. Goodwin, of Baltimore. Rev. Edgar Carpenter, rector of Grace Episcopal Church, and Mr. C. C. Carlin, of this city, are also expected to deliver addresses. A number of prominent members of the order from other cities are expected to be present and participate in the exercises.

During the evening the degree team of the lodge will give an exhibition of its drill work. The team will be under the direction of Capt. W. L. Martin, of Potomac Lodge. At the conclusion of the exercises the members will repair to the lower floor of the hall, where a banquet will be served, under the direction of Mr. W. H. Broughton, and covers will be laid for 150. An orchestra, under the direction of Prof. Carlton Padgett, will furnish music.

The committee having charge of the affair is composed of D. R. Stansbury, chairman; J. R. Mansfield, secretary; Fred Kaus, George H. Hinken and W. L. Martin.

Upsetting of a Canoe.

A canoe, containing three young men, Willis Washington, Randolph Tucker and Griffith Uhler, was capsized yesterday afternoon about 3 o'clock nearly opposite the Baltimore and Ohio transfer ship. The young men succeeded in catching hold of the up-turned shell, to which they held until a yawl from the schooner Macnamara went to their aid, and the trio was landed at the shipyard. The canoe was carried some distance down stream by the swift current, but was subsequently recovered and towed back to the Old Dominion boat club house.

The men who rescued the youngsters are Thomas Washington and John Wright, both colored, and people on the shore who watched their heroism were profuse in their praises. The young men were, in fact, in a precarious condition, as the waves were running high, while the current in the river was sweeping them down all the time. Washington was nearly exhausted when he reached the submerged cause.

A Victim of the Houseboat.

Among the prisoners before Justice Caton's bar in the Police Court this morning was a Washington youth named William Baker, who had been arrested by Officer Lyles for being drunk and in no condition to take care of himself, at the foot of King street early last night. Baker, when asked to give an account of himself, said he lived in Washington, and yesterday afternoon had come to this city where he had boarded the tugboat Bartholdi and visited the floating Monte Carlo (the old ferry steamer Columbia) now anchored off Jones's Point. He returned in a drunken condition and too late to connect with the steamer Woodbury on her last trip to Washington. He further stated that this was the first time he had been arrested on any charge. Justice Caton told him he could return to his home, which he did certainly sadded if no wiser by virtue of his Sunday's experience.

The Columbia Redivivus.

The old ferry steamer Columbia, which was practically destroyed by fire several years ago, is again in service, not, however, in transporting passengers between Washington and Alexandria, but as a modern and luxuriously fitted house boat. She was anchored in the river opposite Jones's Point last Saturday night. The tugboat Bartholdi is again in commission and yesterday it was making close connection with the Woodbury which brought many patrons to the Columbia. The latter has been fitted up in lavish style, regardless of cost. A concrete floor has been constructed in the boat, and it is equipped with thousands of electric lights. It is said that nearly every game known is conducted in this floating palace.

Funeral.

The remains of Frederick H. Dilger, who committed suicide in Washington Thursday, were brought to this city yesterday afternoon and interred in Union Cemetery. The funeral cortege was met at the ferry wharf at 4 o'clock by a number of members of Alexandria Lodge, No. 758, B. P. O. E., who conducted the burial service of that order at the grave. The religious services were conducted by Rev. Mr. May, pastor of Immanuel Lutheran Church. The pallbearers were John A. Ewald, Joseph C. Gates, Theodore W. Bowling, Thomas A. Fisher, Edward J. Fleming and William C. H. Wildt.

Fatal Accident.

A frightful accident that proved fatal occurred Saturday evening on the tracks near Washington of the Brightwood electric line near the loop, Rowland Rosson, twenty years of age, being the victim. He was caught between two cars and his legs so badly crushed that amputation was necessary and he died soon afterward. The deceased, who was a paperhanger's apprentice, came from Clarkson, Culpeper county, about eighteen months ago and boarded at the home of his cousin. He was well-known in this city.

Steamer Floated.

The steamer Jane Moseley, which was last week beached on the mud in the Eastern branch above this city, to keep her from sinking at her dock in Washington, has been pumped free of water by a sand-pumping machine, the leak stopped and the steamer towed back to Washington. The Moseley will be used for excursion purposes during the coming summer.

At a meeting of Alva Aerie, Fraternal Order of Eagles, held in its hall yesterday afternoon, several candidates were initiated. Following a social session was held. The meeting was well attended.

The Senator also stated that he expects to start for home about the last of April or the first of May. His third term in the Senate began March 4th.—[Times Dispatch.

St. Patrick's Day.

Alexandria Division, No. 1, Ancient Order of Hibernians, celebrated the day in the afternoon at 3:30 o'clock at St. Mary's Hall with an interesting musical and literary entertainment, which was furnished by local talent. Mr. Ansley was accompanied by his daughter, Miss Anne Ansley, Miss Howard, of Richmond, and Master Ansley. Mr. Ansley was traveling in his private car. He has been away from Washington for a week, visiting Asheville, Augusta, his old home, and Charleston. He came South for a much needed rest and feels benefited as a result of the trip.—["The State," Columbia, S. C., March 14.

[Mr. Ansley has returned to his home in this city much improved in health.]

Must Cut Out Wires.

Mayor Paff a few days ago notified the electric railway company, now that the Alexandria Electric Company is in operation, that the former corporation must take out the wires from which they have been furnishing electricity in this city. Superintendent Colvin has accordingly notified such as are using electricity furnished by his company that the wires must be removed. There were, however, some exceptions made in order to allow certain parties time in which to make arrangements with the new company.

Mysterious Death in Norfolk.

C. F. Ferguson, postmaster and merchant at Newsoms, Southampton county, was found dead in an alley leading to the wharf of the Bennett steamship line, Norfolk, early yesterday morning. It is thought that death was the result of a drug administered by some one for the purpose of robbery. Ferguson, it is said, had been drinking heavily.

Ferguson wore a handsome gold watch, to which a chain and charm were attached. They were missing, as was everything else the man's pockets may have contained. The pockets were turned wrong side out. Two rings of small value were left on a finger.

Ferguson was last seen Saturday night about 9 o'clock, seated on the sidewalk, reclining against a brick wall, and it was there and in that position that he was found yesterday morning. Whether the body was robbed before or after death is not known. Ferguson was about thirty-eight years old and unmarried.

Former Distiller Broke Oath.

Much excitement has been caused at Austin, Ky., by the death of Cricket Caiver, aged 50, a well-known farmer who succumbed to pneumonia Saturday at his home. Carver lost a family of three or four children two years ago, the little ones dying within a few days of each other. It is said he believed that the Lord had taken his children because he had been running a distillery in connection with his farm, and sold his outfit and swore never to make the "cursed stuff" again.

However, he was in Austin last week and bought a boiler and engine with which to operate a distillery and on account of his oath and his sudden taking off, the people look on it as a case of divine interference.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Zion City Panic-Stricken.

Fear of the "prophet's curse" has spread at Zion City with the death of Mrs. Bert Denius. Wilbur Glenn Voliva, the successor of Dowie, is seriously ill, and the thousands in the colony are becoming panic-stricken.

Voliva has been suffering with tonsilitis. His condition became worse at the hour in which the last rites were being conducted in honor of the dead "apostle," and it has become graver each hour since. Hundreds at Zion City are said to believe the wrath of the dead "First Apostle" has descended upon their community and that his successor is to be one of the first victims. There already have been 12 deaths, all Valiva followers.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. W. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1. Trial bottle free.
